

## Summary of Indoor Residual Spraying in Cote d'Ivoire

AFM summarized indoor residual spraying (IRS) activities occurring in African countries based primarily on reports from the World Health Organization (WHO), Global Fund and the President's Malaria Initiative (PMI). Little information was available from other sources. AFM hopes IRS activities will be sustained and expanded as appropriate, and that all donor agencies supporting IRS with public funds will make available detailed and accurate reports in the future. Below is the summary of IRS activities in Cote d'Ivoire.

<b>Global Fund Support<sup>a</sup></b>	<b>No IRS funding</b>
