

## Summary of Indoor Residual Spraying in Togo

AFM summarized indoor residual spraying (IRS) activities occurring in African countries based primarily on reports from the World Health Organization (WHO), Global Fund and the President's Malaria Initiative (PMI). Little information was available from other sources. AFM hopes IRS activities will be sustained and expanded as appropriate, and that all donor agencies supporting IRS with public funds will make available detailed and accurate reports in the future. Below is the summary of IRS activities in Togo.

<b>Global Fund Support<sup>a</sup></b>	<b>No IRS funding</b>
--	-----------------------

a. The Global Fund to Fight AIDS, Tuberculosis and Malaria: <http://www.theglobalfund.org/en/>

Togo was awarded three Global Fund malaria grants: a Round 3 grant in 2004, a Round 4 grant in 2005 and a Round 6 grant in 2008. None of the Original Proposals requested funding for IRS.
